

PITTSBURGH
MODERN
COMMITTEE
OF
PRESERVATION
PITTSBURGH

The Pittsburgh Modern Committee of Preservation Pittsburgh welcomes you to a midsummer social in celebration of 20th-century modern design & architecture.

Friday July 14th 2023 - 6:00-8:30pm

**Paul F. Jones Overlook (1967-69) and
1000 Grandview Avenue (1975)**

Learn about these distinctive modernist structures completed on Mount Washington during the 1960s-1970s, mingle with fellow design lovers, and meet the Pittsburgh Modern Committee. **Join us in recognizing and valuing the experience of the Overlooks and their design as an important historic resource in Pittsburgh.**

PLUS: Catch the release of our third *Modern Survey Map*:

Mount Washington & Allentown

Overlook construction, October, 1967. Pittsburgh City Photographer Collection, 1901-2000, University of Pittsburgh.

The Pittsburgh Modern Committee of Preservation Pittsburgh surveys, researches and explores our region's 20th-century modern and postmodern architecture, design, and public art (circa 1940s-1980s) as a groundwork for preservation, education and considerate design solutions in collaboration with community members and the City. Our mission is to engage public awareness of local Modernist design and related community experiences through documentation, public programming, education, and advocacy - and together explore its significance and potential to be reinvigorated and relevant throughout Pittsburgh's diverse neighborhoods.
